

United States Department of State

Washington, D.C. 20520

JUN 24 2011

Dear Mr. Speaker:

Pursuant to Section 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement for the manufacture of significant military equipment abroad.

The transaction contained in the attached certification involves the transfer of defense articles, to include technical data, and defense services, to Spain for the collaboration on new designs, design improvements, design modifications, detailed engineering review, consultation, analysis of operation, and other engineering efforts related to the design of sporting guns and rifles and associated components and spare parts, for delivery to and end-use by Dikar S. Cooperativa, Ltda. , a firearms manufacturer in Spain.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "Joe Macmanus", written over a circular stamp or mark.

Joseph E. Macmanus
Acting Assistant Secretary
Legislative Affairs

Transmittal No. DDTC 11-050

The Honorable
